

Handling US Privacy and Cybersecurity Developments in the Current Era

Webinar

11.05.2025 | 9 AM PT, 12 PM ET and 6PM FR

Join Sheppard Mullin partners for an engaging panel discussion addressing critical privacy challenges faced by French companies operating in the United States, particularly in the context of evolving federal regulations and enforcement uncertainty. The speakers will share their insights and practical guidance to help organizations enhance their privacy and cybersecurity frameworks. Take advantage of this opportunity to learn directly from leading U.S. legal professionals and strengthen your company's approach to data protection. This presentation is hosted by the French-American Chamber of Commerce as part of their "Meet the Experts" series.
