[CLICK HERE TO REGISTER](#)

Sponsored by Loyola Law School, Los Angeles in association with the Federal Communications Bar Association

A major retailer's customer database is hacked. A store payment processor's encrypted credit card information is downloaded. A law firm's data is held for ransom by foreign terrorists. Now what? Explore the optimal answer to this and a host of related questions during a panel discussion that will cover the best responses to the types of data breaches that have plagued Sony Pictures, Snapchat and Ashley Madison. Panelists will provide insights to help attorneys protect their clients' liability, integrity and more.

Speakers:

Craig Cardon, Partner, Sheppard, Mullin, Richter & Hampton LLP
"Proactive Privacy & Mitigation Risk Practices"

Peter Day, Associate, Mintz, Levin, Cohn, Ferris, Glovsky & Popeo, PC
"Vendor Risk Management"

René Siemens, Partner, Covington & Burling, LLP
"Insurance Coverage for Infrastructure Loss and Cyber Breach Liability"

Karl Manheim, Professor, Loyola Law School, Los Angeles
Moderator

MCLE

An optional 1.5 hours MCLE credit will be available for an additional \$20 (Loyola Law School is a California State Bar-approved MCLE provider).
