Sheppard Mullin's Dallas office has once again been named a "Best Place to Work" by the *Dallas Business Journal*. The firm ranked #13 out of 40 firms in the medium category, which recognizes companies with 50-249 employees based in Dallas.

This is the fourth time Sheppard Mullin has been recognized as a Best Place to Work since the office opened in 2018.

The *Dallas Business Journal* surveyed companies by asking an array of anonymous multiple-choice questions to help understand what's driving growth in the organization and what factors establish it as a top workplace. Winners met or beat a national best practice score for their category, as determined by Quantum Workplace. The honorees were divided into five categories by size. Rankings among the five categories will be revealed during an awards lunch on October 19 at The Statler Dallas.
