Healthcare team leader and partner Eric Klein was selected as a 2023 “Health Care MVP” by *Law360*. He was one of just three attorneys recognized in the health care category nationwide. This marks Eric’s third time being named a Health Care MVP by *Law360*.

Each year, *Law360* selects winners for its MVP series based on attorney nominations spanning a wide range of practice areas. According to *Law360*, the attorneys chosen this year “have distinguished themselves from their peers by securing hard-earned successes in high-stakes litigation, complex global matters and record-breaking deals.”

Eric is highlighted for his role in leading VillageMD through its \$8.9 billion acquisition of Summit Health-CityMD, which was the biggest health care services deal of 2022.

“It’s very exciting,” Eric said in *Law360*, “to be able to have a team that can go ahead and undertake a very transformative, very complex transaction of the multibillion-dollar size that the VillageMD/Summit deal was.”
