Real Estate Partners Jeff Forrest and Anna Dorros Named 2025 Leaders of Influence in Commercial Real Estate

San Diego Business Journal
05.26.2025

Real Estate, Energy, Land Use & Environmental Partners Jeff Forrest and Anna Dorros were named 2025 Leaders of Influence in Commercial Real Estate by the *San Diego Business Journal*. Honorees are celebrated in a special edition of the publication that highlights their accomplishments and contributions to the commercial real estate industry.

Dorros was profiled for representing some of the nation's largest property developers. Specifically, she advises on major, mixed-use projects such as One Beverly Hills and Disney's Cotino™, a Storyliving by Disney™ resort community in Rancho Mirage. She also represents top homebuilders such as KB Home, Shea Homes, Toll Brothers, Century Communities, Lennar Homes, Landsea and Tri Pointe.

Forrest's proven track record of handling legal matters benefitting the City of San Diego is one of the reasons the *SDBJ* selected him for this list. For example, he is advising on a portfolio of California energy storage projects, which will help the state decarbonize the electrical grid. He has also been instrumental in expanding San Diego's supply of assisted living and hospice facilities to care for the city's aging population.
