

Sheppard Mullin Represented Fluid Components International in Sale to Process Sensing Technologies, A Portfolio Company of AEA Investors

11.14.2023

Sheppard Mullin advised Fluid Components International LLC (“FCI”), a renowned specialist manufacturer of thermal mass flow meters and switches, in its acquisition by Process Sensing Technologies (“PST”), a portfolio company of AEA Investors and a leading provider of measurement instrumentation and monitoring systems for process-critical applications. This strategic acquisition allows PST to expand its product range and measurement capabilities, leveraging FCI’s strong reputation for performance, quality, and excellent customer service.

The deal team that advised FCI was led by Corporate partner Michael Umansky and included Corporate special counsel Jeffrey Kaye and associate Brandon Beshay. Invaluable assistance was provided by, among others, Frank Dworak, Justin Hepworth, Andrius Kontrimas, Fatema Merchant, Wynter Deagle, Bijal Vira, Townsend Bourne, Shawn Fabian, Malika Levarlet, Carlo Van den Bosch, Michael Chan, Chad Ensz, Grace Gilman, Susan Gov, Zana Operta and Breanna Rupp-Espe.
