Healthcare Team Represented Care Connectors Medical Group in Sale to Epilog Partners

08.09.2024

Sheppard Mullin advised Care Connectors Medical Group in its acquisition by private equity firm Epilog Partners. The majority recapitalization included significant rollover from the company's founders and coinvestment from HealthQuest Capital, Echo Health Ventures and Blue Venture Fund.

Headquartered in Newport Beach, California, Care Connectors provides a national, on-demand platform for value-based care enablement. The company partners with health plans and risk-bearing providers to manage prospective risk adjustment, quality improvement and care coordination. Care Connectors offers in-home (inperson and virtually) and community based (primary care and mobile clinics) solutions.

The deal team was led by Sheppard Mullin partner and Private Equity team co-leader Aytan Dahukey, and included with support from associates Keren Baruch-Longo, Ines Briand, Kara Du and Ari Stobaugh.
