

Sheppard Mullin Advises ENGIE North America's Distributed Solar Team in Closing an Investment

11.20.2018

ENGIE North America's Distributed Solar team announced the closing of an investment from Goldman Sachs' Alternative Energy Investing Group into a partnership managed by ENGIE. This innovative financing structure will allow the deployment of up to 75 MW of distributed solar and distributed solar plus battery systems across multiple states in the U.S., including California, Nevada, Minnesota, Illinois, Texas, New York, New Jersey, and Massachusetts.

Sheppard Mullin advised ENGIE in the transaction. The deal team was led by Chicago partners Andrew Ratts and Katherine Gillespie, with additional support from Matthew Bonovich, AJ Gatesman and Alexander Robinson.
