

Sheppard Mullin Represents Accentcare In Joint Venture With Fairview Health Services

09.01.2020

Sheppard, Mullin, Richter & Hampton LLP represented AccentCare Inc., a national leader in post-acute healthcare, in a joint venture transaction with Minnesota-based health system Fairview Health Services. The joint venture (AccentCare® Fairview) will be the preferred post-acute provider for home health and hospice services for Fairview Health Services.

AccentCare® Fairview will enhance home health and hospice services for Minnesotans by tapping into AccentCare's network of specialized resources, technology, and care professionals. AccentCare is recognized nationally for its innovation through quality metrics, cutting edge care platforms and programs, and integration of data, point-of-care technologies, and advanced Telehealth and Telemonitoring services to achieve the best possible care outcomes. AccentCare Fairview will leverage that national AccentCare platform to build upon its members' commitments to delivering best in class care and addressing community needs while improving quality, efficiency and patient experience.

The Sheppard Mullin team was led by partner Eric Klein and included associates Vinay Bhupathy and Robert White.
