

## Sheppard Mullin Represents BlueHalo in Two Acquisitions

12.23.2020

BlueHalo, an Arlington Capital Partners portfolio company and a leading provider of advanced engineering solutions and technology to the national security community, has acquired Base2 LLC and Fortego LLC. Both Base2 and Fortego are Maryland-based leading providers of complex, mission-critical cyber and SIGINT solutions that serve the most demanding missions in national security. Base2 specializes in the design and development of cutting-edge cyber solutions across the domains of Computer Network Operations, Signals Intelligence, and Quick Reaction Capability. Fortego has proven capabilities in advanced SIGINT and cyber operations solutions, with end-to-end solutions in cyber analytics, vulnerability research, and CNO engineering.

Sheppard Mullin represented BlueHalo in both transactions. The deal team was led by partners Luca Salvi and Frank Bacelli and included associates Jeff Bowling, Felicia Xu and Diandra Molina.
