

Sheppard Mullin Advised AccentCare in Joint Venture with Memorial Hermann Health System

05.10.2023

The Firm's Healthcare Team represented Dallas-based AccentCare Inc., one of the largest providers of hospice and home health in the country, in its newly-formed joint venture with Houston-based Memorial Hermann Health System, one of the largest not-for-profit health systems in southeast Texas. The joint venture will combine the parties' respective home health and hospice operations in southeast Texas, into one home-based care entity that will allow the organizations to strengthen their combined presence in Texas and greatly expand patients' access to home health and hospice. The joint venture will leverage that national AccentCare platform to build upon its members' commitments to delivering best in class care and addressing community needs while improving quality, efficiency and patient experience.

The Sheppard Mullin team that represented AccentCare was led by partners Eric Klein and Matt McCalip, and included special counsel Matthew Agnew and associates Ryan Portugal and Dhara Waghela.
