Sheppard Mullin announced the nomination of Luca Salvi to take over as Chairman of the Executive Committee for Guy Halgren following a widely successful 20 year run. Halgren, who plans to transition to a part-time role in 2022, described Salvi as, “very trusted and he’s got a way of connecting with people. He’s very authentic and he’s a consensus-builder. From watching him on the executive committee, and from when he ran an office and a practice group, you can tell that that’s the way he operates. He listens, incorporates all those thoughts and comes up with a consensus.”
