Sheppard Mullin continues to expand its Finance and Bankruptcy practice with the addition of partner Paul Warner in New York. Warner commented that his “tenure at Ballard Spahr was enormously rewarding. I nonetheless was drawn to Sheppard Mullin’s successful expansion and its collaborative, entrepreneurial culture.” Harner is widely recognized as leader in his field, serving in a key role for significant restructurings and Chapter 11 bankruptcies for major companies. “Paul has been a valuable resource for, and collaborator with, lawyers within and outside of our bankruptcy group,” said Mark Stewart, Ballard Spahr’s chair.
