

Jeannie M. Boettler

PARTNER

jeannie.boettler@stinson.com

Direct: 314.259.4576

Office: St. Louis

As a registered patent attorney, Jeannie secures and protects intellectual property rights for biotechnology and life sciences companies, including private corporations, universities and government agencies.

Jeannie blends her experience in life sciences and patent law to prepare and prosecute patent applications and protect clients' valuable intellectual property assets. Jeannie also counsels clients on all aspects of patentability, invalidity, freedom-to-operate and other due diligence issues and helps prepare non-infringement and invalidation opinions.

EXPERIENCE

Jeannie advises on patentable matters relating to DNA, RNA, proteins, gene therapy, antibodies, biologics, pharmaceuticals, drug delivery, drug conjugates, medical and research diagnostic assays, biomarkers, molecular cloning, protein expression, cell culture and development, immunohistochemistry, transgenic oils, transgenic plants, biofuels, nanotechnology, microfluidics, skin science, absorbent materials, food science, adult and pediatric nutritionals and microencapsulation.

Other subject areas within her purview include solar panels, electrochemical cells, hydrogen generator cells and fuel cells.
