Direct: 816.691.2677

Office: Kansas City

Nathan applies his technical background and industry experience to his energy and environmental practice.

He gained legal experience as a Stinson summer associate, where he assisted with matters across the energy and environmental sectors. Nathan also worked as a summer legal intern in the private sector, where he supported in-house counsel on regulatory and compliance issues. In addition, prior to law school he worked as a mechanical engineering consultant and is a licensed professional engineer in Kansas. This background enhances his ability to understand complex technical issues in energy and environmental matters.
