

## Environmental, Social & Corporate Governance - Where We Are and What's Next

Webinar

06.22.2021 | Noon - 1:30 p.m. CT

Stinson LLP and KPMG are pleased to invite you to join us for our next GRC Roundtable webinar.

Corporate governance considerations are rapidly expanding beyond stock exchange requirements and SEC check-the-box disclosures. The new expectations affect public and private companies. At its core, the trends force corporate boards and their advisers to balance community and societal goals with profit maximization through understanding stakeholder expectations.

On Tuesday, June 22, we'll be discussing where we are and what's next for Environmental, Social & Corporate Governance (ES&G). Our discussion will center on existing requirements and changing trends, focusing on:

- Corporate governance considerations
- Reporting frameworks
- Third-party assurance on ES&G metrics
- Current and possible future SEC expectations
- ES&G and M&A
- Legal liability for ES&G reports
