

Stinson IP Attorneys Advise on Award-Winning Building Innovation

Press Release

05.12.2020

Stinson client Builder Stair Supply recently received an award for innovation from the Stair Builders and Manufacturers Association for their ANCHOR-LOK® rail system, a unique means of constructing rails to ensure efficiently and a longer life. Partners [Bill Everding](#) and Paul Fleischut assisted Builders Stair Supply in preparing a patent application and securing federal trademark registration for the ANCHOR-LOK system.
