On April 18, 2018 Vorys Partner Scott Ziance will present a webinar to the Ohio Municipal Attorneys Association (OMAA) and the Ohio Municipal Leagues (OML) titled *Top Ten TIF Misconceptions*. Tax increment financing (TIF) is a tool Ohio political subdivisions can use to pay for infrastructure projects and facilitate the development or redevelopment of property. Unfortunately, common misconceptions often prevent political subdivisions from most effectively using TIF. In this presentation, Scott Ziance will dispel the most common TIF misconceptions and help the audience understand how to effectively use TIF in their community.

For registration, please visit the [OMAA website](#).
