6.12.2022

Tim McGranor, a partner in the Vorys Columbus office, is a co-chair of the Energy & Mineral Law Foundation's (EMLF) 43rd Annual Institute. The 2022 event is being held in Amelia Island, Florida on June 12-14, 2022. As co-chair, McGranor will help oversee the programming and other important functions of the event. The institute will consist of networking events and continuing legal education on topical issues including energy market updates, labor and employment developments, ethics and the latest information on carbon capture.

Ryan Elliott, an associate in the Vorys Columbus office, will be speaking at the institute. Elliott and the president of the Stream and Wetlands Foundation will be speaking about Waters of the United States (WOTUS), its history and its current interpretations.
