Litigation

5.8.2013

Vorys attorney Elizabeth Simon will be presenting a teleseminar hosted by the Professional Education Broadcast Network on May 8, 2013. Her presentation is titled *Ethics and the Use of Metadata in Litigation and Law Practice*.

Ms. Simon will discuss the following topics:

- Ethical issues in protecting your client's metadata and using the metadata of adversaries
- Duties of competency, confidentiality, zealous representation and preserving the attorney-client privilege
- Are attorneys required to find and destroy their clients' metadata
- Can attorneys ethically look for metadata in the electronic files sent to them by an adversary and use it
- Metadata issues in the creation and exchange of email
- Best practices to avoid ethical liability and adverse outcomes in a case
