Robin L. Canowitz

2.15.2013

Vorys senior attorney Robin Canowitz will be participating in a roundtable discussion hosted by the American Health Lawyers Association on Friday, February 15, 2013.

Ms. Canowitz will be presenting *Privacy Issues and the Children's Hospital EMR*. This roundtable will discuss the implementation of electronic medical records in children's hospitals or pediatric environments and the challenges that can exist.

Topics she will cover concerning EMR implementation include:

- Unique legal issues presented by the need to comply with state and federal consent, privacy and treatment law
- Identification of data elements requiring special treatment
- Internal access and external release to other providers, health information exchanges, etc.
- Patient portals and patient/parent access to information
- Programs to create appropriate levels of access for hospital personnel; and
- Tools for monitoring access and disclosure of information
