12.3.2013

Vorys attorneys Craig Auge, Anker Bell, Jason Elvers and Eric Whisler will be speaking at the Technology and Software Seminar hosted by GBQ Partners on December 3. Their presentation is titled *Technology and Software Contracts – Avoiding Hazards and Protecting Assets* and will discuss negotiating these agreements, share practical advice on the proper forms of agreements, structuring payments and remedies, avoiding scope creep, data security, and protecting intellectual property and confidential information.
