NEWS | 1.19.2017

On January 19, 2017, AEP Ohio Transmission Company filed a certificate application for electric transmission and gas facilities with the Ohio Power Siting Board concerning a new proposed transmission line project in Monroe County. AEP Ohio Transco calls the proposed project the Herlan – Blue Racer 138 kV transmission line project. The proposed project would be approximately 3.3 miles long and would include structures over 70 feet above ground.
