Jolie Havens, a partner in the Columbus office and chair of the health care group, was featured in the September 2015 edition of *Smart Business Columbus*. Havens was profiled in a section of the magazine profiling women leaders because she was selected as a finalist for the magazine's "Smart Women" awards.

The story states:

"Havens rose through the ranks: She became an equity partner and then group chair of the firm's health care industry practice. At age 40, she was Vorys' youngest practice group leader and one of only three women to ever lead a practice group in the firm's 106-year history.

Havens was shaped by her childhood experiences and has dedicated her life to helping others. She works with hospitals, physician groups and health care providers to help them navigate changes in health care legislation, and has developed a reputation as a go-to expert on health care compliance and reimbursement issues."
