

Vorys Named Go-To Law Firm® for Leading Technology Companies

NEWS | 5.5.2008

Vorys, Sater, Seymour and Pease LLP is pleased to announce that it has been recognized as a Go-To Law Firm® for Leading Technology Companies by American Lawyer Media (ALM), based on a recent survey of in-house counsel at the leading technology companies in the United States.

The ALM survey asked general counsel at the top technology companies across the country which outside law firms they turn to first to handle their most challenging legal needs. ALM's research department also investigated and gathered data from various resources such as public records including court dockets and securities filings, key publications and well-respected commercial databases.

Vorys was selected based on comments from **Eaton Corporation and Alliance Data Systems** for work done in the area of litigation. All Go-To Law Firms will be highlighted in the ALM publication *In-House Law Departments at the Leading Technology Companies* in June.
