A highly ster and chemoselective synthesis of conjugated dienes by the palladium-catalyzed reaction of (E)-1-alkenylzirconium derivatives with alkenyl halides

**AUTHORED ARTICLE** | 1978

*Tetrahedron Letters*

Mr. Klima authored an article titled "A highly ster and chemoselective synthesis of conjugated dienes by the palladium-catalyzed reaction of (E)-1-alkenylzirconium derivatives with alkenyl halides" in the 1978 edition of *Tetrahedron Letters*.
