7th Annual Vorys Economic Development Incentives Conference Back in Person

Vorys was pleased to be able to hold its 7th Annual Vorys Economic Development Incentives Conference back in person this year! The event, held in February 2022, drew more than 200 guests from a broad range of businesses, developers and government entities and featured speakers from around the country.

About *Development Incentives Quarterly*: We at Vorys are continually educating ourselves regarding economic development incentives, including tax credit changes and opportunities. We created the *Development Incentives Quarterly* to provide you relevant information that you need in the changing landscape of this area. Our economic development incentives clients include developers, political subdivisions and growing businesses, so you'll see information from a variety of perspectives. That diverse perspective has allowed us to grow to be one of the largest economic development incentives practices in the state of Ohio. As we've grown, we have also expanded our

geographic reach and now advise on projects across the country.
