

White and Williams Sponsors B.E.S.T. Cities B2B Roundtable

1.12.17

White and Williams sponsored the U.S. - China B.E.S.T. Cities B2B Roundtable at the Philadelphia Navy Yard. B.E.S.T. stands for Built Environment Standards and Technology. The program kicked off with remarks from the China Partnership of Greater Philadelphia and the Philadelphia Regional Port Authority followed with several sessions addressing commercial opportunities in the energy efficient and wellness built environment. Topics included:

- Contextualizing Wellness Building-Related Opportunities
- Amplifying Energy-Efficient Building Opportunities
- Practical Steps Forward on 100 Day March

About the China Partnership of Greater Philadelphia

The China Partnership of Greater Philadelphia (CPGP) is a non-profit organization that promotes collaboration – primarily on public/private clean technology initiatives – between Philadelphia and the People’s Republic of China. Its objective is to accelerate job creation, attract investment, and support clean technology business flows through strategic linkages between Greater Philadelphia and China. CPGP harnesses the Greater Philadelphia region’s exceptional academic, government, cultural and business resources to leverage regional and national initiatives in both countries.
