

Renovation and Redesign of Correctional Facility Fee Dispute

This highly confidential matter was a fee dispute for the \$688 million renovation and redesign of a correctional facility. The dispute was between our clients, the architects, and the governing Department of Corrections and Department of Design and Construction. Initially, a revolutionary campus like design with a mental health facility was commissioned, but subsequently the project was abandoned. We negotiated on behalf of our client with the handling city district. Design fees were in excess of \$4 million.
