

## Ray Mellon Selected to City & State Magazine's 50 Over 50 List of New York Leaders

City & State Magazine  
01.26.2021

Zetlin & De Chiara LLP announced today that Senior Partner **Ray Mellon** has been named to City & State's 50 Over 50.

Mr. Mellon was selected for his contributions to New York City as a groundbreaking lawyer who championed the use of RPAPL 881, a previously under-utilized New York State Law that allows a court to grant a temporary license to access a neighboring property to perform work and install necessary protection as well as an active volunteer in many community and professional organizations.

During his extensive career, Mellon has risen to become the leading authority on the issues associated with building in New York's urban environment, where the proximity of the "Building Next Door" requires knowledge of complex safety and licensing issues for construction projects.

RPAPL 881 becomes critical when a license agreement cannot be reached with the neighboring property owner. Use of the statute allows and overcomes the recalcitrant neighbor that was delaying the adjacent development. More than a good neighbor policy, this now widely adopted strategy is essential for minimizing disputes that can hold construction projects hostage.

A skillful construction litigator and experienced trial lawyer representing real estate owners. Mr. Mellon also counts prominent architectural, engineering and contracting firms as his clients. He represents design professionals in disciplinary and licensing proceedings before the City and State, as well as consulting on general business matters, construction contract drafting and negotiation and risk management strategies.

Mr. Mellon is General Counsel and Honorary Member of the Brooklyn and Queens AIA Chapters and an Honorary Member of the New York State AIA. He is a member of the National and New York Chapters of the Society of American Registered Architects and the Architects Council of New York City. Mr. Mellon provides extensive pro bono services to promote the goals of these organizations.

Mr. Mellon is a recipient of the Distinguished Presidential Citation from the Society of American Registered Architects, the New York Society of Architects Distinguished Service Award and the Advancement of the Architectural Professional Award by the Brooklyn AIA. He was recently named a Trailblazer by The New York Law Journal for his unique practice within the area of construction law.

City & State is honoring 50 of the most distinguished public servants in New York City who have committed decades of their lives to making the City a better place.

**Zetlin & De Chiara LLP** provides sophisticated legal and business counsel and advice to members of the construction community across the country including real estate owners and developers, design professionals, construction managers and contractors, and financial institutions.
